Placement Cell Report 2023-24

College of Education, Barshi in alignment with its vision and mission of creating humane and self-reliant teachers provides various opportunities to student teachers to develop and enhance their skills and talents and thus make them ready for the professional field. With this objective through the Job Perfect course students are provided with the requisite awareness and skills. The activities that were conducted during start semester in the year by the Placement Cell include the following: -

Common Errors in Communication: The session focused on the importance of communicating correctly and conveying one's thoughts and ideas in a clear and concise manner. The session highlighted the common errors committed during communication in English language such as usage of wrong plurals, the importance of adding the modal after a "Wh' word, use of can/may/could. The session also highlighted the importance of correct pronunciations, introducing oneself correctly and the right use of prepositions and articles for grammatically correct sentences. Students were also advised to refer to dictionaries and conduct spell check to avoid spelling errors. The session concluded with a general discussion on the students' queries regarding correct English language usage.

SWOC Analysis: Self-awareness is crucial as a well-adjusted adult. Teachers need to be aware of their strengths and weaknesses and the sessions gave them the opportunity to self-reflect and explore these for themselves. Student teachers on the brink of exploring the world of work need to be well equipped not only with their knowledge and skills related to teaching, but also their knowledge about themselves, awareness of the levels of their skills and developing the right attitudes towards their students.

Resume Writing: Navigating the complexities of the job market in a post pandemic world makes it imperative that student teachers start off on the right foot, ensuring a quality, effective resume and cover letter. This is an opportunity for one to present their best selves to prospective employers.

How to face an interview: This session focused on the various aspects that are part of a job interview. It oriented the students regarding the things to be kept in mind during the pre-interview stage, the day of the interview and post-interview. In the pre-interview stage, the candidate should focus on personal aspects such as health, hygiene, grooming etc. and mental aspects such as strengthening content knowledge, updating current affairs knowledge, etc. On the day of the interview the candidate should be mindful of the following -being punctual.
